Event fees: 200/-Per Group

All participants must be in good physical and mental condition

Task:

1. Quiz
2. Puzzle round containing mini challenges

3. Wall rappelling + tyre race

4. The ultimate finale

General Rules and Regulations:

1. Team formation will occur spontaneously on-site from among the registered participants.
2. Fair Play: Participants must adhere to the principles of fair play throughout the competition. Cheating, plagiarism, or any form of unfair practices are strictly prohibited. Violation of fair play rules may result in disqualification.
3. Organizer's Decisions: The organizers have the final authority to interpret the rules, make decisions, and resolve any disputes that may arise during the competition. Participants must respect and comply with the decisions made by the organizers.
4. Tiebreakers: In the event of a tie, the tiebreaker rules will be determined by the organizers. The organizers may consider various factors such as performance in specific segments, additional challenges, or any other criteria they deem suitable.
5. Code of Conduct: Participants must follow the code of conduct specified by the organizers, which includes maintaining a respectful and inclusive environment throughout the competition.
6. Disqualification: The organizers reserve the right to disqualify any participant or team found violating the rules or engaging in misconduct during the competition.

Rounds:

There will be total 4 rounds in roadies.

Round 1: Quiz

- This round is for registered teams, and all the team members are allowed to participate. One team contains 6 members.

- One participant from each team will have to eat/drink the item given by the organizer and whoever complete it in less amount of time will have a chance to read the question.
- Later that person will decide that he/she will ask the question to his/her team or any other team.
- Team has 30 seconds to answer the questions.
- There will be positive marking for the right answer and negative marking for the wrong answers.
- Scores will be added to the leader board.

Round 2: Puzzle Round containing mini challenges

- All participants will have a chance to perform.
- Member-1 will do given number of push-ups. After completion he/she will give a pass to Member-2.
- Member-2 will perform given number of one leg squats. After completion he/she will give a pass to Member-3.
- Member-3 will do given number of bottle-flip. After completion he/she will give a pass to the remaining team members.
- All 3 remaining members have to solve the puzzle.
- All team's completion time will be marked and after that leader board will be updated.
- Bottom 4 team will be eliminated after this round.

Round 3: Wall rappelling + tyre race

- All participants will have a chance to participate in different phases of the round.
- First member will do wall rappelling and time will be noted.
- Second member will go for tyre race after first member complete wall rappelling.
- Other team member will do frog jumps concurrently when second member performing his/her task.
- Time will be noted for all of these subtasks.
- Top 3 teams will reach to next round – “The ultimate finale”.

Round 4: The ultimate finale

- This task will be head on task.
- In this round teams have to fill the vessel with water to the marked point to get a number to unlock a lock.
- This challenge will not be easy for teams because there will be some obstacles to make challenge interesting.
- The team that successfully completes the task first will be declared the winner of "The Ultimate Finale."

Event Rules:

1. Team will be formed on the spot by the organizers and each team will be assigned one gang leader.
2. In quiz round if participants decide to ask the question to his own team, 10 points will be given for the right answer and -10 for the wrong answer. If he/she ask the question to the opposition team, 15 points will be given for the right answer and -10 for the wrong answer.
3. In puzzle round one member will give the pass to other one after the approval of the volunteer.
5. All the teams have to follow given instruction by the organizers for each task.
6. Going against the task rules will result in action being taken against your entire team by the organizers.
